10th WORLD CONGRESS

INTERNET IN MEDICINE

PRAGUE

4 – 7 December 2005

MedNet 2005 Congress

MedNet 2005

Organized by:

The Society for the Internet in Medicine

Czech Society of Medical Informatics and Scientific Information
Czech Republic Medical Association of Jan Evangelista Purkyne

THE SOCIETY FOR THE INTERNET IN MEDICINE

ČESKÁ LÉKAŘSKÁ SPOLEČNOST J. E. PURKYNĚ

Under the Auspices of Dana Berova, Minister of the Ministry of Informatics

10th WORLD CONGRESS
INTERNET IN MEDICINE
PRAGUE
4 – 7 December 2005

Local Scientific Committee

Chairman:
Pavel Kasal

Theodor Adla
Helena Bouzkova
Jiri Cizek
Jitka Feberova
Petr Hanzlicek
Marie Hladikova
Ales Janda
Jiří Kofranek
Pavel Kubu
Eva Lesenkova
Lenka Lhotska
Jan Munz
Jan Naidr
Radek Papp
Richard Prusa
Petr Struk
Stepan Svacina
Milan Spala
Pavel Trnka
Jan Vejvalka
Miroslav Zamecnik

Organizing Committee

Pavel Kasal
Jitka Feberova
Helena Farska
Jana Jiranova
Sona Sipova
Jens Dørup
Humphrey Gyde
Hans van der Slikke
Andrea Kutnarova
Blanka Pukova
Milena Zeithamlova

Honorary Board

Dana Berova, Minister of the Ministry of Informatics

Jaroslav Blahos, President of Czech Medical Association of Jan Evangelista Purkyne

Jan Halek, Senator of the Parliament of the Czech Republic

Stepan Svacina, Honorary President of the Czech Society of Medical Informatics and Scientific Information

Media Partner

MEDIMA.cz
Internet pro lékaře
a další pracovníky ve zdravotnictví

10th WORLD CONGRESS
INTERNET IN MEDICINE
PRAGUE
4 – 7 December 2005

Programme

DECEMBER 5, 2005 – MONDAY

Registration 8:00 – 9:00

MONDAY **Time: 9:00 – 9:05** **Room: Congress Hall - Room A**

Opening

Hans Van der Slikke, The Netherlands and Pavel Kasal, Czech Republic

MONDAY **Time: 9:05 – 9:35** **Room: Congress Hall - Room A**

Keynote Talk **Chairman:** Hans Van der Slikke

The Open Access (OA) advantage: Evidence for preferential citation of Open Access articles
Gunther Eysenbach, Canada

MONDAY **Time: 9:35 - 10:55** **Room: Congress Hall - Room A**

Plenary **Chairman:** Hans Van der Slikke

From the Logoscope to the Semantic Web
Humphrey Gyde, UK

What is the Opensource Landscape in Healthcare Applications?
Christian Elsner, Germany

Use of Web Resources in Personalized Disease Management: How to Evaluate Success?
Persephone Doupi, Finland

Where is the Patient, Who is the Physician
Miles Jones, USA

Coffee Break ***10:55 – 11:15***

Sessions

MONDAY **Time: 11:15 – 12:35** **Room: Congress Hall - Room A**

Session A **Chairman: Carol Stock**
Co-Chairman: Stepan Svacina

The Internet: Help or Hindrance in Patient Care?
Christina Fitch, C. Adams, UK

Usefulness of a Personalised Health Information Service on the Internet: The Users Perspective.
Nicolas Garcia, I. Morales, J.R. Yuste, A. Arregui, L. Molina, Spain

Provider Use & Views of the Internet In Medical Practice
Carol M. Stock, D. Gesner-Mooreb, USA

Using Teleconsultations in Mass Schoolchildren Examination Aimed at detecting carriage abnormalities
Anatoliy Vyslyy, A. I. Vyslyy, T. Popova, Ukraine

Lunch Break ***12:35 – 14:00***

MONDAY Time: 14:00 – 15:40 Room: Congress Hall - Room A

Session A **Chairman: Robert Pretlow**
Co-Chairman: Pavel Kubu

Information and Knowledge Management in Addiction Prevention
Gabi Dobusch, Germany

Bulgarian Drug Agencys Web Site as a Source of Information and Comunication
Rozalina Kulaksazova, Emil Hristov, Maria Popova, Maria Stoynova, Bulgaria

An Internet Intervention Outcomes Study of Overweight School Children
Robert Pretlow, USA

An Information Model for Cystic Fibrosis Patients and Carers
Jean Evans, Australia

Risks and benefits of Internet use among people living with HIV/AIDS in Peru
Isaac Alva, Magaly Blas, R. Cabello, A. Kimball, P. García, USA

Coffee Break 15:40 – 16:00

MONDAY Time: 16:00 – 18:20 Room: Congress Hall - Room A

Session A **Chairman: Jens Dørup**
Co-Chairman: Helena Farska

Localization of SMS tool for alcohol abuse prevention
Pavel Kubu, T. Peltoniemi, Pavel Trnka, Czech Republic

The Danish National eHealth Portal- increasing quality of treatment and patient life
Torben Hagen Britze, Denmark

Patients Internet use in Danish General Practice
Jens Dørup, Mads Dahl, Vladimir Simunovic, Denmark

Nurses satisfaction with a wireless nurse information system
Giovanni Marvin, Guillermo Ader, Switzerland

Internet accessible EKG improve the golden hour of AMI diagnosis for ED physician
Chien Yuen-Chong,Cheng-Yaw Liu, Yu-Chuan Li, Chang-I Chen, Taiwan

Mobile E-Health Kiosks For Disaster Situations in Developing Countries
Soegijardjo Soegijoko, Ray Pradeep, Indonesia

Evaluation of Efficacy and Tolerability of Losartan and Ramipril Combination in the Management of Hypertensive Patients with Associated Diabetes Mellitus in India (LORD II Trial)
Romesh M. Joshi, M.E. Yeolekar, R.R. Kasliwal, M. Chopda, R.K. Sharma, S. Kale, A. Oomman, S. Kinagi, A. Naikwadi, S. Maroli, R.M. Joshi, V. Morye, India

MONDAY Time: 11:15 – 12:35 Room: Room B

Session B **Chairman: Roberto Bernazzani**
Co-Chairman: Jiri Kofranek

DEC-NET: the First European Register of Clinical Trials in Children
Eugenio Santoro, Valentina Rossi , Chiara Pandolfini, Maurizio Bonati, Italy

COMPUTERIZED CLINICAL SYSTEM (APDSED)
Jose Italo Cortez, Jesus Albert Ramirez Popo, Miguel J Caldera, Liliana Cortez, Adriana Jimenez Andrade, Alberto Castro Luna, Mexico

e-Compendium for laboratory medicine and internet
Antonin Jabor, Miroslav Zamecnik, Czech Republic

On-line Model-Based Atlas of Pathophysiology: Glimpse into Technological Background
Jiri Kofranek, Michal Andrlik, S. Matousek, Czech Republic

Lunch Break 12:35 – 14:00

MONDAY **Time: 14:00 – 15:40** **Room: Room B**

Session B **Chairman: Michael Bermann**
Co-Chairman: Antonin Jabor

The Ephemeris Project: An Internet-based system of journaling, mentoring and advocacy intended to preserve those personal values and ethics fundamental to the Healthcare Professional Student.
Michael R. Berman, USA

Understanding the Psycho-Sociology of Internet Behaviour in Context: Patients: Ill Stress, Coping Behaviour
Monica Murero, Italy

e-Health & Learning: Health Informatics Training Courses for Practitioners in Bangladesh
Roberto Bernazzani, Elena Murelli, Gianni Zanrei, Italy

HEALTHFACIL: On-line Continuing Professional Development in Health and Social care
Luigi Garelli, Robert Glendenning, Petr Havranek, Chris Van Weel, Jo Goedhuys, Rade Pribakovic, Italy

Web-Based Intelligent Medical Tutoring Systems
Karolina Gonzalez, Juan C. Burguillo, Martin Llamas, J. C. Vidal, Diego Lopez, Spain

Coffee Break ***15:40 – 16:00***

MONDAY **Time: 16:00 – 18:20** **Room: Room B**

Session B **Chairman: Eugenio Santoro**
Co-Chairman: Jitka Feberova

Multimedia document in teaching pathology
Josef Feit, Vera Feitova, Ludek Matyska, Eva Hladka, Marketa Hermanova, Czech Republic

Web driven technologies to help the busy Cardiothoracic Surgical Practice and offers hope for development of similar portals in other specialities with benefit to patients
Rahul Shetty, Canada

XML as a technology to support the Information Management in Public Health Administrations
Diego.M. López, Manuel J. Fernandez, A. Rendón, Jorge Figueroa, Martin Llamas, Spain

Atlas of Dermatopathology with Expert System Features (www.muni.cz/atlases)
Josef Feit, Hana Jedlickova, Ludek Matyska, Tomas Friml, Czech Republic

Medical informatics in undergraduate medical study
Ahmed I. Albarrrak, UK

E-learning in medical biochemistry: Disorders of acidbasic equilibrium
Martin Vejrazka, Czech Republic

Tailoring and Managing Contents in the Digital Publication VITAE
Hector Arrechedera, Maria Doloros Farina, Christiane Metzner, Venezuela

MONDAY **Time: 11:15 – 12:35** **Room: Room C**

Session C **Chairman: Petteri Mussalo**
Co-Chairman: Petr Hanzlicek

Teaching Information Security to Medical Students
Ana Margarida Ferreira, Portugal

A novel security scheme for Health Care web applications
Marko Hassinen, Petteri Mussalo, Pertti Laitinen, Finland

Services and informatics system in healthcare company: the need of management and privacy law
Angelo Serio, Antonio Giannone, Italia

Information technologies in continuos shared health care
Jana Zvarova, Petr Hanzlicek, Czech Republic

Lunch Break ***12:35 – 14:00***

MONDAY	Time: 14:00 – 15:40	Room: Room C

Session C **Chairman: Christian Elsner**
Co-Chairman: Pavel Trnka

A web service for automated biometric data communication: A model and Economic Impact Study for a retina scanning service
Armin Wolf, A. Neubauer, Alexander Kleehaus, Ch. Mazzi, Christian Elsner, Germany

Evolution of the Ticino Hospitals Medical Information System
Guillermo Ader, Doris Pfander, Switzerland

The Google Approach for EMR: The "Web-EPA" as open standard by Rhön-Klinikum AG
Christian Elsner, A. Aulkemeyer, U. Dahmann, Germany

Legal form change of the hospital and impact on its information systems
Dagmar Jaraiova, Petr Adamek, Czech Republic

Coffee Break 15:40 – 16:00

MONDAY	Time: 16:00 – 18:40	Room: Room C

Session C **Chairman: Juan Adriano Moran**
Co-Chairman: Tomas Mladek

Web-based process-optimization from hospital standard-data: A Study on Therapeutic and Economic Impact of the use of (NT - pro) BNP
Christian Elsner, H. Baum, D. Neumeier, M. Fiedler, H. Wiesmeth, J. Thiery, Germany

The Use of New Technologies in a Venezuelan Department of Obstetrics and Gynecology
Wendy Lorizio, A.J. Sanchez , E.C. Guanipa , R. Bohórquez, R. Romeo, F.J. Marcanod, USA

A Web-Based Decision Support System for Modelling Telecare
Juan Adriano Moran, Howard Leicester, Abdul Roudsari, UK

Continuous Mobile Services for Healthcare (HealthService24 project)
Barbara Vallespin, A. Alonso, M. de Arana, S. Ehrenberg, X. Pastor, J. Roca, Spain

Web services for data standard register distribution
Radek Bartik, Michal Pospisek, Czech Republic

IZIP – electronic access to patients health records
Tomas Mladek, Czech Republic

Evaluating embedded mobile internet for remote patient monitoring applications
Khamish Malhotra, Stephen Gardner, David Rees, UK

High risk reminder for emergency department physician at observation unit
Lee Ping Hsun, Cheng-Yaw Liu, Yu-Chuan Li, Chang I Chen, Taiwan

Meeting Point: 19:00
MedNet 2005 Welcome Party: 20:00 – 22.00

DECEMBER 6, 2005 – TUESDAY

Registration 8:00 – 9:00

TUESDAY Time: 9:00 – 9:30 Room: Congress Hall - Room A

Keynote Talk **Chairman:** Humphrey Gyde

Internet Anonymity, Advantages and Disadvantages for Healthcare
Robert Pretlow USA

TUESDAY Time: 9:30 - 10:30 Room: Congress Hall - Room A

Plenary **Chairman:** Humphrey Gyde

The history of SIM and the changing content of Mednet contributions as a reflection of the different needs of the succeeding generation of doctors
Theo Arvantis, Humprey Gyde, UK

Open Source E-learning for Medical Schools in Bosnia-Herzegovina
Jens Dørup, Mads Dahl, Vladimir Simunovic, Denmark

Trends on Health Internet Use: 9th HON Survey
Celia Boyer, Switzerland

Coffee Break 10:30 – 10:50

Sessions

TUESDAY Time: 10:50 – 12:10 Room: Congress Hall - Room A

Session D **Chairman: Kristian Lampe**
Co-Chairman: Tomas Adla

Making eHealth Accessible for People with Cognitive Disabilities: Focus on Navigation
Jeon Small, Pamela Schallau, Karen Brown, Daria Ettinger, Sue Blanchard, Gloria Krahn, Richard Appleyard, USA

Quality initiatives for online health information: Are they equipped for total quality?
Kristian Lampe, Risto Roine, Persephone Doupi, Jeroen van den Hoven, Olli-Pekka Ryynänen, Finland

Remote usability testing for paediatric web sites
Andrea Vituzzi, Italy

Quality & Reliability of Biomedical Information on the Internet
M.K Nabeel, India

Lunch Break 12:10 – 13:40

TUESDAY Time: 13:40 – 15:00 Room: Congress Hall - Room A

Session D **Chairman: Richard Appleyard**
Co-Chairman: Milan Spala

Standardization of informed health self-care
Bohumil Seifert, Petr Struk, Pavel Kubu, Vit Cerny, Vera Henawi, Czech Republic

Teaching about Talking to Patients: A Proposed E-Learning Approach
James Moir, UK

Building a bridge between psychotherapy and new Internet-based technologies: the VEPSY Updated Project approach
Gianluca Castelnuovo, Gianluca Cesa, Andrea Gaggioli, Fabrizia Mantovami, Gian Mauro Manzoni, Vincelli, Enrico Molinari, Giuseppe Riva, Italy

Evaluation of websites built by sufferers of endoscopic thoracic sympathectomy
MH Hsu, YC Li, JC Yen, Taiwan

Coffee Break 15:00 – 15:20

TUESDAY Time: 10:50 – 12:10 Room: Room B

Session E **Chairman: Silvia Snidero**
Co-Chairman: Marie Hladikova

Improving collection of health information in WEB surveys using the scale-up estimators approach: a case study in injury prevention and control
Silvia Snidero, Alexandru Stancu, Bruno Morra, Roberto Corradetti, Dario Gregori, Italy

Quality control in WEB-based Injury databases: techniques and standards adopted in the EU Registry "Susy Safe"
Alexandru Stancu, Silvia Snidero, Bruno Morra, Francesco Passali, Roberto Corradetti, Dario Gregori, Italy

Spreading excellence in health care: application of the Internet in collaborative scenarios.
Albert Alonso, N. Roger, Sonia Ehrenberg, Anna Arnau, I. Cerdà, X. Pastor, J. Roca, Spain

Medicoport domain specific information system
Nazike Baykal Altug Kayisoglu, Mustafa Kubilay, Turkey

Lunch Break 12:10 – 13:40

TUESDAY Time: 13:40 – 15:00 Room: Room B

Session E **Chairman: Gunther Eysenbach**
Co-Chairman: Helena Bouzkova

PubMed access from mobile devices: existing solutions and a new prototype
G. Cattarossi, E. Cogoi, Vincenzo Della Mea, S. Mizzaro, Italy

Searching Multilingual Medical Content in the Web
Phillip Daumke, S. Schulz, Kornel Marko, Germany

MSurvey.net – A Platform for user Profiling and Medical Surveys
Christian Elsner, Ch. Mazzi, T. Berger, Germany

Eurasia Health Knowledge Network: Web-based multilingual resources for international community
Irina Ibraghimova, Richard Custer, USA

Coffee Break 15:00 – 15:20

TUESDAY Time: 10:50 – 11:50 Room: Room C

Session F **Chairman: Sriram M. Iyengar**
Co-Chairman: Jan Vejvalka

An Internet Application to Manage an OWL Ontology for Medical Computational Problem Solving
Charalampos Bratsas, Panagiotis Bamidis, Paulo Quaresma, George Pangalos, Nicos Maglaveras, Greece

Computer-based Medical Algorithms: Overview and experiences
Sriram M.Iyengar, John R Svirbely, USA

Knowledge Sharing and Decision Support for Healthcare Professionals: the Doc@Hand project.
Sonia Ehrenberg, Albert Alonso, Barbara Vallespin, M.de Arana , R. Lozano, J. Roca, Spain

Issues in the Implementation of Computer-based Medical Algorithms
John R. Svirbely, Sriram M. Iyengar, USA

Lunch Break 12:10 – 13:40

TUESDAY Time: 13:40 – 15:00 Room: Room C

Session F **Chairman: Sriram M Iyengar**
Co-Chairman: Jan Vejvalka

Developing tools for grid-based processing of biomedical data
Jan Vejvalka, Czech Republic

Integration of Medical Services Using Semantic Grid Techniques
Martin Kuba, Czech Republic

Assessing background knowledge behind medical algorithms
Jan Vejvalka, Petr Lesny, Marek Turnovec, M. Snorek, Czech Republic

Coffee Break 15:00 – 15:20

Poster Session

TUESDAY Time: 15:20 - 16:20 Room: Congress Hall - Room A

Poster Session - Presentations

Chairman: Robert Pretlow
Co-Chairmen: Pavel Trnka, Pavel Kubu

TUESDAY Time: 16:20 – 18:00 Room: Congress Hall - Room A

Poster Session – Discussions

Session A

Davodi Far, Cristina Calicchia	Italy	The Impact of the Internet on the Patient-Physician Relationship
Pavel Kubu, Marie Hladíkova, Theodor Adla, Radka Potučkova, Ales Janda, Pavel Kasal	Czech Republic	The Quality of Information Resources on the Complementary and Alternative Medicine: Comparison of Different Evaluation Methods
Shot Kurghinyan	Armenia	Shared Information in Patient Care and Follow up at the Austrian Pediatric Hospital of Gyumri
Antonio Giannone, Vincenzo La Bella	Italy	A tele-consultation system: TELEPET for a value added service network for PET
Petr Lesný, H. Krasnicanov, Jan Vejvalka	Czech Republic	Web based software for diagnostics of growth
Reza Assadi	Iran	Evaluation of Persian Web Pages Related to Health and Medicine: a Comparative Study

Session B

Jitka Feberova, Pavel Kasal, J. Mazanek, T. Dostalova, Aleš Janda, Jan Polasek, Radka Potučkova, Sona Sipova, P. Herman	Czech Republic	Distance Learning Course in Open Source Software
Armen K.Ghevondyan, Lilit S. Martirosyan	Armenia	The Aspects of Distance Education at High Medical Institution
Günter Burg, Vahid Djamei, Jivko Kamarachev, Josef Feit	Switzerland	The project of a webpage for consultation of histology of difficult skin diseases
A. Ryska, Marek Uhrin, Ivan Rozkosny	Czech Republic	Telepathology consultations through world wide web technology

Session C

Pavel Trnka, Pavel Kasal, M. Pokorna, M. Hladíkova, Ales Janda, Jan P. Naidr, Jitka Feberova, Pavel Kubu, Radka Potučkova, Theodor Adla	Czech Republic	Building Information system "From the scratch"
Heiner Groenewald	Germany	HPC in Germany" The Actual Situation
Irene Christodoulou	Greece	Continuing Medical Education in Greece: Preferably via Internet
Assimo Sparpaglione, Antonio Giannone	Italy	Telemedicine and Telediagnosis: Distributed Systems and Integration

Martin Zeman, Jan Pejchal, Pavel Zubina, M. Vodak, Jan Vejvalka	Czech Republic	Partner for e-health in the Czech Republic – Masaryk Hospital in Usti nad Labem
Henry E. Jones	USA	The Safety of Internet Medicine

Session D		
Ales Janda, Theodor Adla, Jitka Feberova, Marie Hladíkova, Jan P. Naidr, Jana Jiranova, Helena Farska, Pavel Kasal	Czech Republic	Link Popularity and Other Quality Criteria Used in Evaluation of Paediatric Information Resources on the Internet
Irene Christodoulou	Greece	The Evaluation of Internet as a Tool for Evidence Based Medical Research
Tony G. Pacanowski, Lluis B. Codina,	Spain	The quality of health media information on line: Concepts, Methods and Evaluation

Session E		
Maurella Della Seta	IItaly	The Italian translation of NLM MeSH and its web application
Alena Simova, Marie Votypkova	Czech Republic	The On-line Czech Translation of MeSH
KaterinaStechovska, Jitka Feberova	Czech Republic	Czech Internet Medical Resources in the National Medical Library (NML), Prague
Helena Bouzkova, Eva Lesenkova, Filip Kriz, Eva Charova	Czech Republic	Access to e-resources in the Medical Libraries in the Czech Republic
Richard Papik, Ondrej Peceny	Czech Republic	Medical and Pharmaceutical Topics in a Curriculum of Information and Library Studies. 3 Case Studies
Martin Leninsky	Czech Republic	Uniform Information Gateway
Liz Shannon	IIreland	Live waiting list information to facilitate key decision making for patients, clinicians and health care professionals
Marie Hladikova, Pavel Kasal	Czech Republic	Statistical Analysis through Internet
Lenka Hronova, Stanislav Gavlas, Michal Laifert	Czech Republic	Coordination center for departmental medical information systems
Ivan Tomek, S. Kantor, L. Cori, L. Weiss, M. Mayor, J. Weinstein	USA	Using the Internet to prospectively collect outcomes data for patients undergoing join replacement surgery

Session F		
Klaus Woerle	Germany	Telematics in Ophthalmic Imaging: A Low Cost Solution for the Transfer of Image Data

SIM General Assembly	**18:00**

DECEMBER 7, 2005 – WEDNESDAY

Registration 8:00 – 9:00

WEDNESDAY Time: 9:00 – 9:30 **Room: Congress Hall - Room A**

Keynote Talk **Chairman: Jens Dørup**

The added value of eHealth in delivering better care
Marc Lange, Belgium

WEDNESDAY Time: 9:30 - 10:50 **Room: Congress Hall - Room A**

Plenary **Chairman: Jens Dørup**

Medical Informatics Research Projects - New Ways, New Problems
Pavel Kasal, Jiri Kofranek, Stepan Svacina, Jiri Cizek, Jitka Feberova. Sona Sipova, Helena Farska, Jana Jiranova, Czech Republic

Standards in E-health
Johan Beun, The Netherlands

The art and science of creating electronic health records - Report from the real world
Ahmad Risk, Sherine Shalaby, Egypt

About Internet integration in EPD
Hans Van der Slikke, The Netherlands

Coffee Break 10:50 – 11:10

Sessions

WEDNESDAY Time: 11:10 – 12:50 **Room: Congress Hall - Room A**

Session G **Chairman: Stephan Schug**
Co-Chairman: Petr Struk

Borderless Communication for a Healthy Europe
Stephan Schug, Germany and Marc Lange, Belgium

eHealth applications and health cards as key elements in modernizing national health care delivery systems - an international comparison
Gottfried Dietzel, Germany

The European eHealth Activities
Reinhold Mainz, Germany

Interactive telemedicine through satellite
Marc Lange, Belgium and Stephan Schug, Germany

MEDTEL - eHealth Promotion Network
Petr Struk, Czech Republic

WEDNESDAY Time: 11:10 – 12:50 **Room: Room B**

Session E **Chairman: Renato Sabbatini**
Co-Chairman: Eva Hladka

Determination of Dental Enamel Defects By Means Of An Arsd Prototype
Juan Italo-Cortez, Miguel J. Caldera, Jesús Alberto Ramírez Popo, Liliana Cortez, Adriana Jiménez Andrade, Alberto Castro Luna, Mexico

Application of The Transmitancia Method for the Detection of Internal DefectsiIn Dental Pieces
Juan Italo Cortez, Miguel J. Caldera, Jesus Alberto Ramírez Popo, Liliana Cortez, Adriana Jiménez Andrade, Alberto Castro Luna, Mexico

Mobile access to streamed lecture materials
Eva Hladka, Tomas Hrdlicka, Czech Republic

High-Definition Video Transmissions for Medical Applications and Education
Petr Holub, Milos Liska, Czech Republic

Interactive digital TV: an experiment on the dissemination of content in the health sciences via the Internet
Renato Sabbatini, S.H. Cardoso, W. Ribeiro, N.T. Gontijo de Oliveira, Brazil

Wednesday Time: 12:50 Room: Congress Hall - Room A

Closing

Hans Van der Slikke, The Netherlands and Pavel Kasal, Czech Republic

Lunch Break 12:50 – 14:00

Thank you for coming to Prague for MedNet 2005 Congress.
